Dear Chris

Thank you for providing an update on the progress of your Ford to Hunston Greenway project. This information was shared with members at our last meeting in October.

The Forum was pleased and encouraged to note that the project is moving forwards and that there have been interesting discussions and developments on sections near Barnham, Yapton, and North Mundham.

In principle WSLAF welcomes any initiatives to improve the public rights of way (PRoW) and access network for Non-Motorised Users (NMUs). However, as set out in our Terms of Reference, we are an advisory body and therefore unable to directly support projects, although we can offer guidance if required.

We would welcome being regularly updated on any progress the project is making and look forward to hearing from you in the future.

Yours sincerely

*Graham Elvey*
