

# Urban Grass Cutting Programme 2025

**As a Highway Authority we cut and maintain grass verges in towns and other urban areas within 30 MPH speed limits for safety and visibility reasons, during the growing season which falls between March - November.**

We blow the cuttings back onto the verge as the cost involved to collect grass cuttings would restrict the number of cuts carried out. Drains and gullies are unlikely to block as a result of this. Please be aware we are unfortunately not able to cut close to parked cars, move bins or remove any other obstructions on the verges. We will also not cut verges containing flowers until later in the season.

**The programme below is subject to change** - the dates shown are a guide only as we are dependent on growth and weather conditions.

**For daily location of our grass cutting teams,** follow us on X, Bluesky or WhatsApp.

**\*\* If you live in Aldwick, Bersted, Pagham, or the Horsham town area, please see an update about the innovative Greenprint project:** [www.westsussex.gov.uk/greenprint](http://www.westsussex.gov.uk/greenprint)

**Programme updated: 27<sup>th</sup> June 2025 - Next expected update: 4<sup>th</sup> July 2025**

@WSHighways

***\*Actual completion date. Next cut dates subject to weather conditions***
