Notes:

- Temporary Dwellings are not included.
- Figures do not include residential losses to commercial use or residential losses to communal accommodation.
- Figures are not adjusted to take into account gains in house stock created by the completion of communal accommodation.
- All figures are for financial years.
- SDNP data includes only completions within West Sussex and is treated as an independent Planning Authority.
- The data presented has been collected and monitored using the West Sussex County Council (WSCC) completions survey methodology. Mid Sussex District Council (MSDC) run their own completions monitoring survey in parallel to the one undertaken by WSCC, using the same methodology. Due to differences in the timing of site survey's there is a variation in the annual monitoring data between the two authorities. For access to completions data prepared by MSDC please contact planningpolicy@midsussex.gov.uk.
- Data extracted from WSCC RLA Database on 21/01/2025.
