West Sussex County Council
(Hurstpierpoint & Sayers Common: Various Roads) (30 MPH Speed Limit) and
(Speed Limit Consolidation) Order 2024

Statement of Reasons for Proposing to Make the Order

West Sussex County Council proposes to make a permanent Traffic Regulation Order that will introduce 30 MPH speed limits on roads in Hurstpierpoint & Sayers Common as follows:

College Lane: to extend the current 30 MPH speed limit to apply throughout College Lane between Hassocks Road and the 20 MPH speed limit at Hurstpierpoint College;

Chalkers Lane: to extend the current 30 MPH speed limit to apply throughout Chalkers Lane between Cuckfield Road and the 20 MPH speed limit at Hurstpierpoint College;

Cuckfield Road: to extend the current 30 MPH speed limit northwards by 100m;

Malthouse Lane: to introduce a 30 MPH speed limit from the 20 MPH speed limit at Hurstpierpoint College, northwards to its junction with Bridleway 3738, located immediately north of the property named Rose Acre.

Hurstpierpoint & Sayers Common Parish Council applied for 30 MPH speed limits on College Lane, Chalkers Lane and Malthouse Lane to replace de-restricted (60 MPH) speed limits on these roads and improve compliance with the recently installed 20 MPH speed limits on the roads around Hurstpierpoint College. The Parish Council also submitted a separate application to extend the 30 MPH speed limit on Cuckfield Road northwards by 100m, to the location of a village gateway feature on the northern approach to Hurstpierpoint.

These applications have been assessed against the West Sussex County Council speed limit policy, which sets criteria for new speed limits by considering current average traffic speeds, safety history and the use of roads by vulnerable road users such as pedestrians, cyclists and equestrians. Assessed against the policy, the application complied with all the relevant criteria for 30 MPH speed limits and was therefore accepted for progression.

The new order is proposed to avoid danger to persons or other traffic using the affected lengths of road.

The attached drawing, numbered MDS2314 shows the lengths of roads affected by the proposed order.
